MEHMET SADIK KIRIS

Mechanical Maintenance & Utilities Expert

Tarsus, Mersin, Türkiye +90 (506) 791 54 25 mehmet.s.kiris@gmail.com [Linkedin](#) [mehmetsadikkrs](#) [mehmetsadikkiris.com](#)

EDUCATION

Energy Systems Engineering
(GPA – 3.19)
Erciyes University – Kayseri
09.2011 – 08.2015

TECHNICAL COMPETENCIES

- Preventive Maintenance (PM) 90%
- Maintenance Management 88%
- Reliability Engineering 90%
- Zero Breakdown Management (ZBD) 88%
- Root Cause Analysis (RCA) 95%
- Digital Maintenance Management 88%
- Spare Parts Optimization 88%
- Cost Control & Budget Management 85%
- EHS & Regulatory Compliance 95%
- English Proficiency 85%

CERTIFICATES

- Team Management Training
- Reliability Training – PM/AM Foundation
- Zero Breakdown Training
- EHS & Workplace Safety Management (Online)
- Power BI & Digital Tools Training (Online)
- Technical Inventory & Spare Parts Management Training (Online)
- Standard Kaizen Training
- 5S Training

INTERESTS

- Industry 4.0 & Digital Maintenance
- Paragliding
- Performing Arts & Theater
- Technology & Industrial Innovations
- International Cultures & Travel
- Continuous Improvement & Technology

PROFESSIONAL SUMMARY

- Maintenance, reliability engineering, and digital transformation professional with over 9 years of experience in industrial environments.
- Specialized in preventive and predictive maintenance, regulatory compliance, and process optimization.
- Contributed to workplace safety and operational efficiency improvements by supporting facility risk score reduction with the mechanical maintenance team.
- Led cost-saving projects and contributed to optimizing technical inventory management and improving reliability metrics using Power BI and WCM/TPM/RCA methodologies.
- Experienced in contractor coordination, EHS compliance, regulatory compliance, and continuous improvement through TPM and WCM practices.
- Experienced in maintenance team leadership, reliability-centered maintenance strategy development, and operational excellence.

PROFESSIONAL EXPERIENCE

Mechanical Maintenance & Utilities Expert & Shift Supervisor
İZOCAM Glass Wool Plant – Mersin
04.2020 – Present

- Played an active role in implementing reliability-centered maintenance strategies and contributed to reducing failure rates.
- Contributed to facility risk score reduction through risk mitigation projects.
- Led the digitalization and optimization of predictive maintenance processes.
- Managed external contractors and subcontractors, ensuring compliance with company safety and operational policies.
- Contributed to reducing workplace hazards and operational risks in line with EHS and occupational safety standards.
- Led WCM processes and served as team leader for 5S, Zero BD, Reliability Foundation, e-check, and Standard Kaizen projects carried out at the plant.
- Participated in energy efficiency and sustainability projects.
- Contributed to cost-saving projects within the plant.
- Served as a shift supervisor at the plant, contributing to the continuity and coordination of production operations.

Production and Planning Engineer
SERA TEKNİK – Mersin
02.2019 – 11.2019

- Improved production planning efficiency and implemented new planning strategies.

Production and Planning Engineer
Fy ENDÜSTRİ – Mersin
01.2018 – 09.2018

- Managed raw material and supply chain planning to optimize production efficiency.

Production Engineer
Akdeniz Nail & Wire Co. – Mersin
09.2015 – 01.2017

- Ensured process traceability and reduced production costs through optimization strategies.
